PLEASE READ BEFORE STARTING INSTALLATION

While MBRP Ltd. has made every effort to ensure that all components of this system are of superior quality and properly packaged, it is the installer's responsibility to ensure the following before removal of the factory exhaust:

- that ALL components shown above are present.
- that ALL mating components fit together.
- that there are no damaged components.
- that the system you have purchased is appropriate for your vehicle year, model and configuration.
- that the system will not interfere with any modifications previously installed or planned.
- that you have read and understand these instructions.

If you have any questions or are uncertain about any aspect of the installation of this system to your vehicle please contact your dealer before commencing installation.

Removal of Stock Exhaust:

1. Remove the clamp at the slip joint ahead of the muffler.
2. Remove the bolts holding the muffler.
3. Pull the system out of the rear of the bike and remove the intermediate section of the exhaust that's bolted to the frame and the head pipe.
4. Remove the metallic gasket from the head pipe.

Installation of MBRP Exhaust:

1. On the bench, slide the **Inlet Pipe** into the expanded end of the **Muffler** so that the **Spring** mounts line up on both.
2. Install the **Spring**.
3. Now slide the new exhaust system in from the rear of the bike until the **Inlet Pipe** slides over the original head pipe. (The new system does not use the original clamp or the metallic gasket as the new **Inlet Pipe** will fit snug over the head pipe.)
4. The **Muffler** and the **Inlet Pipe** can be twisted slightly so no part of the new exhaust touches the frame.
5. Hang the **Muffler** using the **Muffler bands**, the **1/2" Spacer tube**, **M8 x 25 mm Hex bolt** and **M8 x 45mm Hex bolt** and the **ATV flat bracket** supplied.

Congratulations! You are ready to begin experiencing the improved performance and driving excitement of your MBRP Ltd. ATV Exhaust upgrade. We know you will enjoy your purchase.
